Cleve Hawkins, the colored boxer, who made a hero of himself in fighting the big grass fire here, one day last week, succeeded in devouring four roasted pullets, a gallon of spring water and a big watermelon after the fire had been subdued.

Harry, the popular piano player of San Francisco, is now entertaining at Parante's. He is in a class by himself and was out with Billy Carr and Slim Wilson last Monday trying every piano in town. Harry can play two or three songs on the piano at one time.

The ball game here Sunday resulted in a victory for the Petaluma team. The game was a good one, the score being 4 to 1 in favor of the visitors. Batteries for Petaluma were Shaler, pitcher; Stewart, catcher; El Verano, Block, catcher; Jansen, pitcher. Geo. McNab acted as umpire to the satisfaction of everybody.

A grass fire caused a great deal of excitement here on Thursday afternoon of last week. The volunteer fire department was brought out but no damage was done, although several buildings and chicken ranches were in danger. It is thought that the fire was started by the carelessness of some passer by who threw a cigarette into the grass. Fifty fine broilers, the property of John Andrews, were burned to death.

A disastrous fire was narrowly averted here Monday evening. John Baselou, a local barber, left a heater burning in his shop during his temporary absence and in some unaccountable manner the shop caught fire. Smoke was seen pouring out of the building by M. J. Mullen, clerk in Mullen's store, who grabbed a fire-extinguisher and rushing into the burning building put out the blaze before it had got fairly started, otherwise several buildings would surely have been consumed.

The bus drivers ball, one of the much looked for social events of the season, will take place at the Bellevue Hotel the early part of next month. The question as to where the ball would be held was voted on Tuesday at the S. P. depot. The above place received the highest vote. Archie McKiver, sporting editor of the Index-Tribune, counted the votes and all were satisfied with the outcome. This affair will bring together a great many people. Fine music will be one of the features of the dance.

Last Sunday evening about 9 o'clock a man with a bullet wound in his left fore arm dropped into the Helvetia Hotel and requested that he be allowed to bathe the wound. The man was allowed to remain and Dr. Leix was phoned to treat the wounded stranger and he responded to the summons. It seems the man, who was tramping aimlessly about the country, appeared at Joe Groelli's resort on the Baxter tract on the Petaluma road early in the day and after loitering about the premises for a long time was ordered to move on by the landlord. This he resented by viciously attacking Groelli with a chair, knocking him down and all but putting him out. He then assaulted the prostrate landlord with rocks, one of which struck his would-be victim on the head, making an ugly wound. Groelli, seeing his life was in danger, then shot his assailant in self-defense. Deputy Constable Moyer was notified of the man's condition and took him in charge. The man acted as though he was insane and gave his name as Frank Limpitch.

MURDER MOST FOUL, AND NOT SUICIDE

Coroner's Jury Say Smith, the Aged Sears' Point Boatman, Was Slain by Unknown Party

It was demonstrated without a preadventure of doubt at an inquest held over the remains of Jack Smith last Saturday by Coroner Blackburn, that deceased had been foully murdered.

The inquest was held in Peter Cornelson's boat house, near where the remains of Smith were found a week previous.

"We find that the deceased, Jack Smith, aged 65 years, came to his death as the result of gunshot wounds in the head inflicted by an unknown party or parties with criminal intent."

The above was the verdict of the Coroner's jury. Dr. Stuart Z. Peoples who had performed the autopsy, testified that death was due to the two bullet wounds, that either of which would have caused death and that there was no evidence of drowning but that the post mortem examination showed that death had ensued before the body had been placed in the water.

The examination by Coroner F. L. Blackburn was most exhaustive and although but eight witnesses were examined, and some of these but briefly, the inquest consumed four hours before completion.

Seeks Republican Nomination For Supervisor

Among our political announcements in this week's issue will be found that of Mr. J. D. Ellis of Elmore, who is seeking the nomination at the hands of his Republican fellow citizens for the office of Supervisor of the First district.

Mr. Ellis, although a comparative stranger in this valley, is well and favorably known to the people of Vallejo Township, where he has resided for twenty years. There has urged him to make an effort to secure the Republican nomination for Supervisor of this district at the primary election next month.

Mr. Ellis, through industry and business capacity, has won a ranking position among the heavy taxpayers of his township and is said to be an experienced and practical road and bridge builder. He has announced that in the construction of roads his aim will be for permanency and as a public servant his purpose will be to so conserve the public funds that for every dollar expended the county will receive its worth.

Mr. Ellis is a man of integrity and ability and is familiar with the needs of the public and if these count for anything he ought to make a good Supervisor.

SHOOTING ON THE PETALUMA ROAD

Proprietor of Road House Attacked by a Strange Man Whom He Shoots in Self Defense

A shooting scrape took place at the Three Mile House on the Petaluma road, last Sunday, in which a strange and suspicious man was shot in the left fore arm by Joe Groelli, the proprietor.

It appears that early on the morning of the shooting the wounded man, who is an Austrian and an entire stranger in these parts, dropped into the road house, and hung around the place all day. He was ordered to leave by the proprietor, who did not like his appearance, whereupon he attacked Groelli first with a chair and then with rocks. Seeing the stranger was getting the best of him Groelli secured a revolver and warned the man off his premises. This only increased the Austrian who made a rush at Groelli, who fearing that his life was in danger, blazed away and shot his assailant in the left fore arm.

The wounded man then made his way to El Verano and was taken to a hotel in that place and Dr. Leix phoned for to dress the wound. He responded to this summons and found that the bullet had shattered the bones of the arm, making an ugly wound.

Deputy Sheriff Ryan getting wind of the affair arrested the man shortly after he had his wound dressed and lodged him in jail here as a suspicious and dangerous character and on Monday took him to Santa Rosa and turned him over to Sheriff Smith.

The wounded man, who says his name is Limpach, is evidently demoralized and as he was seen in the vicinity of where the aged boat house keeper of Sears Point, John Smith, was foully murdered by an unknown man, three weeks ago, he is suspected of being the murderer.

Deputy Sheriff Ryan is working on the case and may yet fasten the crime on the demoralized Austrian who made an unprovoked assault on the man who shot and wounded him.

Narrow Escape From Death by Former Resident

J. Bethune, for many years superintendent of the Mt. Pisgah vineyards and wine cellars in this valley, but who recently removed to Alameda county, had a narrow escape from being killed, one day last week. He essayed to cross a double tracked railroad bridge near Oakland on foot and when about half way across saw two electric trains bearing down upon him approaching from opposite directions. With sure death staring him in the face if remained upon the bridge he leaped to the bottom of a creek thirty-five feet below just in time to save his life. He was badly injured and was taken to a hospital by people who witnessed his desperate leap. He will recover, so the doctors say.

BENEFICIAL TO BOTH SHIPPER AND R. R.

The Southern Pacific to Inaugurate a Number of Freight Traffic Reforms in This State

A campaign for a number of freight traffic reforms that will be a great aid to both the shipper and railroad, is being worked out by the traffic and claims departments of the Southern Pacific Company. One of the important features of this campaign is to be an attempt to do away with overcharges.

"A railroad would rather spend two dollars to avoid an overcharge than half that sum in adjusting one," says E. O. McCormick, vice president in charge of traffic. One of the common causes for overcharge claims is the failure of the shipper to properly describe the article on the shipping ticket, and in such cases the bill of lading carries erroneous information.

Claims, in many instances, arise from causes beyond the control of the railroad company, and can be avoided only through the active interest and co-operation of shippers. Another cause for overcharge claims is illegible and poorly written tickets and bills of lading. The use of abbreviations also makes a great deal of trouble. Frequently these alleged overcharges are really undercharges.

Proper description of the article shipped is one of the best methods of avoiding overcharges, say the officials. It means much delay to the shipper when the railroad company has to adjust these, and the company is able to save much of this delay and expense, principally by having the agents and shippers see that proper descriptions and proper addresses are well written or printed on the shipping tickets and bills of lading.

The Bull Moose and His Presidential Aspirations

"The bull moose argument seems to be that Taft isn't fit to be president because the bosses captured the Chicago convention, and Wilson isn't fit to be president because the bosses didn't capture the Baltimore convention, which, of course, leads to the inevitable conclusion that the only man fit to be president is the bull moose himself.

"It is too bad that the colonel is mortal. When that awful day arrives that he must die, the republic will, of course, at once perish. Without the bull moose, there can be no bull moose party, without the bull moose party there will be no patriots to ride on the pie wagon without the pie wagon—but why contemplate anything so harrowing to a bull moose patriot's feelings?

"The fate of the republic is unquestionably tied to the bull moose's tail, and until the worst is known angels and men will hold their breaths as that impetuous and noble animal tincans across the stage of contemporary history, bolty pursued by Mr. George W. Perkins' personally conducted spontaneous popular demand"—San Francisco Call.

A Question of Veracity

Now it is a question of veracity between Abe Ruef, ex-boss of San Francisco, and ex-Governor Pardee. The former, in one of a series of articles now running in the San Francisco Bulletin, tells how he held a conference with the latter at his home in Oakland on a Christmas eve lasting from 2 o'clock in the afternoon until long after midnight. This interview is indignantly denied by Pardee, who pronounces it a base fabrication. Ruef, however, comes back at the ex-Governor and reasserts that such an interview did take place. Now, one of these two is a liar, that is certain. We would be inclined to believe that Ruef is the falsifier in this case were it not for a fact that ex-governor Pardee is a bencher of Governor Johnson, who is somewhat of a liar himself.

CITY TRUSTEES IN SPECIAL SESSION

Introduce New Pound Ordinance—Lewis Water System Asks to be Relieved From Furnishing Water for Street Sprinkling Purposes

At a special meeting of the City Trustees held Wednesday evening, a full Board being present, a new pound ordinance having for its purpose the prevention of driving stock through the principal streets of the city, was passed to third reading.

During the session a representative of the L. L. Lewis Water System, which has the contract to supply the city with water for street sprinkling and fire purposes, requested that his company be released from furnishing water for street sprinkling for a month or two. It was explained to the Board that the Lewis reservoir now contains 6,000,000 gallons of water only, and to draw upon it for street sprinkling at this time would reduce its capacity for fire fighting purposes.

The Trustees gave their consent and will now take all the water for the streets and Plaza from the

Sonoma City Water Works hydrants, which are plentifully supplied with water.

Mrs. Empanan and engineer Press Davis of the latter company also appeared before the Board and suggested a proposition of improving their system by building a reservoir on the hill back of the present reservoir, which would greatly improve the system for fire protection purposes.

The Board took the matter under consideration and then adjourned until the regular meeting to be held next Wednesday evening.

How The Body Kills Germs.

Germs that get into the body are killed in two ways—by the white corpuscles of the blood, and by a germ-killing substance that is in the blood. Just what this substance is, we do not know. The blood of a healthy person always has some germ-killing substance in it to ward off the attack of disease. The fountain head of life is the stomach. A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished. To put the body in healthy condition, to feed the system on rich, red blood ished. To put the body in healthy condition, to feed the system on rich, red blood ished. J. H. MARTIN, Esq.

"My husband was a sufferer from stomach trouble and impure blood," writes Mrs. JAMES H. MARTIN, of Frankfort, Ky. "He had a sore on his face that would form a scab which would dry and drop off in about a month then another would immediately form. It continued this way for a long time. He tried every remedy that any one would suggest, but found no relief. He then tried Dr. Pierce's Golden Medical Discovery which completely cured him. He has stayed cured now for two years, and I recommend this valuable medicine for impurities of the blood."

Our old comrade, Celestin Andrieux of the Jones ranch, was a visitor here Sunday.

Carl Weishaar, the genial proprietor of the One-Mile House, was a visitor in this burg Monday.

Mrs. August Figone visited the Bay City on Saturday afternoon and returned Monday evening.

Miss Mary Philiege of Alameda arrived here on Thursday and will remain two weeks, the guest of cousin, Mrs. Arthur Batto.

Mrs. Oscar Deux of San Francisco is the guest of her brother and sister-in-law Mr. and Mrs. Peter Deux on the Hyde tract.

A large number of people visited Vineburg Sunday and would have had a swell time, but oh, you, mosquitos, will you ever rest

At the Five O'clock Tea Club last Saturday all endorsed Blair Hart for Supervisor. Stay with the ladies, Blair, and you will win out sure.

Miss Louisa Batto returned home on Sunday after a two week visit to her aunt Mrs. Chas. McDevitt in Sonoma, and every one is glad to see sweet Louisa home again.

Eph Cutter's up-to-date fruit drier started up Wednesday and everything seems to indicate a prosperous season. Jim Small inspected the plant and started the first fire in the furnace and reports everything O. K.

This is a little secret between both me and you, "Silent" and "Tight" were there alright, And how the chickens flew.

Mr. and Mrs. Arthur Batto were the guests of Mr. and Mrs. J. H. Hiser and their charming daughter, Miss Jessie, on Sunday last and enjoyed a pleasant afternoon. Miss Jessie knows how to entertain, believe me.

I don't know what has happened to all my fair assistants, but for some reason none of them have shown up this week, except sweet Viola. I suppose when they get they will all come in a bunch, like Brown's cows when he only had one.

C. B. Baraco, an expert electrician of San Francisco, was the guest of Enrico Forni Saturday and Sunday. The gentleman seems to be very much interested in this part of the valley and we don't blame him, either, as the attraction is very pretty.

A party composed of Messrs. William Dunn, Harry Dunn, Jos. F. Groskopf, Philip Bill, Jr. and Arthur Batto motored to Petaluma Thursday evening to attend the installation of Petaluma Encampment, I. O. O. F. All report a splendid time and speak highly of their reception.

Albert Groskopf, Jr., took a flying trip on his motorcycle to Novato and Petaluma on Sunday.

Cederic Cutter, our well known motorcycle expert, broke the record on Sunday, when he covered the distance from Sausalito to Sonoma—53 miles—over the San Rafael grade in one hour and 45 minutes. No, Teddy had no lady with him or he would not be here yet.

Some inscrupulous party, who would sooner tell a falsehood for ten cents than tell the truth for fifty dollars, has started the report in the southern part of this valley that the firm of John Batto & Sons would in a short time give up the feed business. Nothing doing in that direction, Ethel, as the firm has been established for 25 years, and from the looks of things is good for 50 years to come.

From now on and until the fall of the first rains this fair valley will be threatened by that destructive element fire. The fire in the hills east of Vineburg, which started July 19th and continued for three days should teach our citizens a lesson. No fire organization of any kind has been attempted and steps should be taken at once to perfect one. On Friday afternoon, July 19th, the fire warden at Glen Ellen was phoned for but for some reason didn't come, but deputized a local man to look after things for him during his absence. Things like this should not happen. A man with experience in fighting fires should be on the scene and put that experience to some use. We hope it will not happen again.

EASY JIM.

Ayer's Hair Vigor keeps the scalp clean and healthy, destroys all dandruff, and greatly promotes the growth of the hair. You will certainly be pleased with it as a dressing for your hair. It keeps the hair soft and smooth and promptly checks any falling of the hair. It does not color the hair, and cannot injure the hair or scalp. Consult your doctor about these hair problems. RECKLESS AUTO DRIVER GETS HIS

Pilots His Stutz Roadster Through The Streets of Town at a Sixty-Mile Clip and Comes to Grief

A reckless automobile speeder was arrested Thursday by City Marshal Albertson and baled before Judge Campbell, charged with exceeding the speed limit on the public streets of this city. The reckless driver, H. H. Shields, an insurance solicitor hailing from San Francisco, pleaded guilty to the charge and was fined \$25 by his honor.

The man got off with a light sentence when it is taken into consideration that he drove the entire length of Napa street at a time when that thoroughfare was crowded with autos, teams of all kinds and pedestrians at a speed estimated at 60 miles an hour.

That this reckless driver did not kill or maim some one was no fault of his and those who witnessed the exhibition were loud in denouncing the man as a fool who ought to be placed under restraint.

Clerk's Office to be Kept Open Until Ten O'clock Tonight

For the convenience of voters who have not yet registered, and there are scores of them who, unless they register before tonight, will not be able to vote at the September primaries, County Clerk W. W. Felt will keep his office open from 7 to 9 o'clock Friday night and on Saturday afternoon and from 8 to 10 o'clock Saturday night in the court house, Santa Rosa. This is a courtesy that will doubtless be appreciated by many people.

Hay Market This Week

The conditions of the hay market for the week ending July 30th, as reported by Somers & Co. of San Francisco is as follows:

"Receipts of hay during the past week amounted to 4636 tons, a trifle more than the week previous. On Monday alone there was 1920 tons of hay which arrived here and both tracks and wharf are badly congested and with so much hay being offered it is very difficult to dispose of it. Local market prices are weak, although hay is firmly held in all parts of the country and some sales are being made at prices materially higher than this market will warrant.

"Trade at present is exceedingly dull for this time of the year and from all indications it will continue quiet, for feeders are economizing on account of the high price of hay and what is most to be deplored is the fact that all the export hay business which California usually enjoys will this year be shipped from Puget Sound. A careful investigation shows 30,000 tons of hay will be exported from the North which business California would enjoy if prices were such as would enable local firms to compete with Northern conditions. Not only has California lost the export business this year but furthermore the United States Government has bought hay in Washington for shipment to the Presidio here as well as other military posts. This business alone amounts to something over 2500 tons.

"These conditions will certainly have a depressing effect on our future market."

Dancing Party Success.

The dancing party held in Union Hall on Friday evening of last week under the Catholic auspices attracted quite a large crowd. A short musical programme was rendered between dances, among some of the selections being a vocal solo by Mrs. Bianchi, who received great applause, as she is gifted with a wonderful soprano voice. The ladies quartette composed of Mesdames Lynch, Emparan, McElroy and Kinsella sang "The Rosary," greatly pleasing the audience. There were also a number of other selections during the evening. Delicious refreshments were served and dancing was enjoyed until a late hour. Union Hall was prettily decorated for the occasion with Japanese lanterns, red geraniums, greens, etc. The Pauli-Johnson orchestra furnished the dance music.

Well Known Artist Here

Miss Mary C. Patten of Sacramento is spending a few weeks in Sonoma sketching the scenery and historic buildings of the town and valley. GLEN ELLEN AND VICINITY

Jack London, the novelist, is expected home this Sunday and his many friends will greet his coming.

The dance given last Saturday evening in Chauvet Hall attracted a large crowd and dancing was enjoyed until a late hour.

Mr. and Mrs. Higgins were presented with a baby boy Sunday night. Dr. Francis reports that mother and child are doing well.

James McGrath and his pretty wife, who is known to the stage as Dot Raymond, are spending a week with Mr. and Mrs. Wilkins at "Harry's Inn."

Mr. William Ring is once more himself again and his many friends are pleased to see him around. Good natured Billy, as he is called, has had a long spell of sickness.

The Glen Ellen nine lost their game Sunday to a crack Berkeley team, the score being 12 to 10. The locals had too much dancing the night before and consequently were out of form.

Mr. and Mrs. Chas. Poppesent last Sunday in Santa Rosa. They made the trip in their new buggy and after taking in five moving pictures shows, they started home ward. Charley is getting young again.

E. A. House of the Glen Ellen Realty Co. has taken charge of a large tract of land east of the S. P. R. R. for a San Francisco packing house. Mr. House says it is a little bit early to give the nature of the deal but says it is of importance to Glen Ellen.

A. E. Tower Alleges that J. C. Wilson, a Stock Broker, Has Flim-Flamed Him Out of that Amount

A. E. Tower, Harvard graduate and millionaire of this city, has commenced suit in the Superior Court of San Francisco against J. C. Wilson, a stockbroker of that city, to recover the sum of \$142,500 alleged to be due him in a mining deal pulled off by Wilson.

The mine was purchased, but later Mr. Tower discovered that it had cost Wilson but \$65,000, of which his half should have been only \$32,500. The suit, which was filed Thursday, is for the remainder, \$142,500, and is described as an action for "money had and received."

BROKE UP THE HABIT.

A Woman Who Found a Simple Remedy For a Big Annoyance.

"What has become of those two children who visited you so often?" asked one west side woman of another. The other smiled discreetly.

"They are the children of my niece, and she was making a convenience of me. Of course I love the children, but I never allow myself to become much of a victim of imposition. My niece is an extremely gay young widow, and she does not like to take care of her children. She is fond of shopping, matinees, afternoon teas and everything, in short, which takes her away from home, and she got into a habit of sending her children over to my house for me to take care of when ever she wished to go about. I decided it was time to break up the habit, for her own good and that of the children, as well as mine, so I did."

"I suppose that made your niece angry?"

"Oh, no; it couldn't. I never said anything about it. The last time the children came over I spent the afternoon teaching them verses from the Bible, and they didn't find it sufficient, so they never came back. Just how they managed to work it out with their mother I do not know, but I suppose they struck or bargained off. Of course she could not object to what I had done, and it proved a very simple solution."—New York Press.

AN ASTOR DEAL.

The Only Time That Old John Jacob Sold Real Estate.

"One of the most stringent real estate rules of the Astor family is 'never sell,' and only one sale is recorded in the entire life of old John Jacob Astor," said Niles F. Watkins, a real estate broker of New York. "In 1830 Astor tore down his house in Broadway, cleared the whole block from Vesey to Barclay street and built the huge Quincey granite hotel known as the Astor House, which was one of the first notable landmarks in New York and also one of the best paying pieces of property."

"A few days after it was finished the old gentleman and his eldest son, William, were walking through City Hall park, where the postoffice now stands, and stopped a moment to admire the building, the finest hotel in America at that time."

"Pop, that's a mighty fine building," said William. "I wish to gracious it was mine."

"So?" answered the father. "Well, Billy, give me \$1 and you can have it."

"Out came the dollar—a big silver dollar that is cherished by the family to this day—and within an hour the deed of the property was made out and recorded. This was old Mr. Astor's only sale of real estate in his life."—Washington Herald.
